

# **McLean School**

## **Summer Math Assignment Rising Grade 1**

Dear Mathematician,

Happy Summer!

Welcome to your Summer Math Assignment. Please try your best to complete a little bit each week. We recommend completing four pages a week over the course of the summer months. The first section of the workbook should feel like a review. There are no new concepts, only old friends from this past year of learning. This is your opportunity to shore up your skills and get a bit of extra practice. To help freshen your memory, there are teaching pages that provide step-by-step guidance and examples. The second section provides optional extension activities for more challenging work. In the third section, you will find games to play over the summer. The final section has templates and graph paper to use if you need them.

First, try solving the problems on your own. If you need help, you may ask someone to help you solve the problem. Always show your work - even if you did the math in your head!

Some of these exercises will feel easier than others. Remember to persevere, explore, make mistakes, and grow your brain. You can do it!

Be gentle with yourself, mathematician. Take your time as you complete this workbook. Please return this workbook to your homeroom teacher by Friday, September 12. If you have questions, please contact Michelle FitzGerald, Coordinator of Learning Services and Assistant Head of Lower School, at [mfitzgerald@mcleanschool.org](mailto:mfitzgerald@mcleanschool.org).

Mrs. Peters will be available on GoogleMeet on the following dates to answer specific questions..

Math Packet Q & A

Thursday, June 26 · 10:00 – 11:00am

<https://meet.google.com/cmw-nazn-dqd>

Wednesday, July 23 · 4:30 – 5:30pm

<https://meet.google.com/mev-wbpk-scw>

Monday, August 25 4:00 - 5:00pm

<https://meet.google.com/pyt-hmig-sva>

See you in September and have a fabulous, Mathematical Summer!

Mrs. Peters

K-4 Math Specialist

Circle the numbers that are less than 5.

2 4 3 1

6 8 9

0 5 7

---

Compare and color.

8 is

greater than
the same as
less than

4.

---

9 is

greater than
the same as
less than

9.

Write each number.

Circle the group that has 1 more.

10

Fill in each blank.

\_\_\_\_\_ is 1 more than 4.

\_\_\_\_\_ is 1 less than 5.

Write each number.  
Circle the group that has 1 less.

Fill in each blank.

1 less than 9 is \_\_\_\_\_.

\_\_\_\_\_ is 1 less than 9.

Count.  
Write.  
Draw.

a There are

b Draw  to show 1 more.

c How many  did you draw?

# Activity 5 Take Apart Numbers to 20

Circle to make a 10.

Fill in each blank.

1

There are 12 .

12 is 10 and 2.

2

There are 13 .

13 is \_\_\_\_\_ and \_\_\_\_\_.

15 is \_\_\_\_\_ and \_\_\_\_\_.

There are 18 .

18 is \_\_\_\_\_ and \_\_\_\_\_.

17 is \_\_\_\_\_ and \_\_\_\_\_.

19 is \_\_\_\_\_ and \_\_\_\_\_.

20 is \_\_\_\_\_ and \_\_\_\_\_.

# Activity 1 Addition Stories

Use each picture to make an addition story.  
Fill in each blank.

Adam

Sarah

Adam builds 3 

Sarah builds \_\_\_\_\_ 

Adam and Sarah build \_\_\_\_\_  in all.

\_\_\_\_\_  are on the ground.

\_\_\_\_\_  join them.

There are \_\_\_\_\_  in all.

\_\_\_\_\_  are in the .

\_\_\_\_\_  are **not** in the .

There are \_\_\_\_\_  in all.

## Activity 5 Addition Sentences

Solve.

Fill in each blank.

4 children are on the boats.

1 boy is getting onto the boat.

How many children are there in all?

$$4 + \underline{\hspace{2cm}} = \underline{\hspace{2cm}}$$

There are                  children in all.

$$5 + \underline{\hspace{2cm}} = \underline{\hspace{2cm}}$$

There are            bees in all.

One nest has 8 eggs.

The other nest has none.

How many eggs are there in all?

$$\underline{\hspace{2cm}} + \underline{\hspace{2cm}} = \underline{\hspace{2cm}}$$

There are            eggs in all.

How many T-shirts does Thomas have in all?

\_\_\_\_\_ ○ \_\_\_\_\_ ○ \_\_\_\_\_

Thomas has \_\_\_\_\_ T-shirts in all.

There are 4 big ants on a leaf.

There are 4 small ants on the leaf.

How many ants are there on the leaf in all?

\_\_\_\_\_ ○ \_\_\_\_\_ ○ \_\_\_\_\_

There are \_\_\_\_\_ ants on the leaf in all.

# Activity 1 Subtraction Stories

Use the pictures to make a subtraction story.

Fill in each blank.

There are \_\_\_\_\_  flying over the .

\_\_\_\_\_  rest on the .

There are \_\_\_\_\_  left flying over the .

There are \_\_\_\_\_ .

\_\_\_\_\_  walk away.

There are \_\_\_\_\_  left.

3

There are \_\_\_\_\_  in the tree.

\_\_\_\_\_  swing away.

There are \_\_\_\_\_  left in the tree.

There are \_\_\_\_\_ .

\_\_\_\_\_  hop away.

There are \_\_\_\_\_  left.

# Extra Practice and Homework Subtraction

## Activity 5 Subtraction Sentences

Solve.

Fill in each blank.

Alan has 6 balloons.

2 balloons fly away.

How many balloons are left?

Alan

$$6 - \underline{\hspace{2cm}} = \underline{\hspace{2cm}}$$

           balloons are left.

2

There are 7 crabs.

3 crabs are in the water.

How many crabs are **not** in the water?

$$7 - \underline{\hspace{2cm}} = \underline{\hspace{2cm}}$$

           crabs are **not** in the water.

3

There are 8 bats.

4 bats are flying.

How many bats are hanging in the tree?

$$8 - \underline{\hspace{2cm}} = \underline{\hspace{2cm}}$$

           bats are hanging in the tree.

There are 5 carrots in a basket.  
Ms. Megan packs 3 carrots in a bag.  
How many carrots are left in the basket?

$$\underline{\quad\quad\quad} - 3 = \underline{\quad\quad\quad}$$

           carrots are left in the basket.

---

Jose has 10 candles on his birthday cake.  
He blows out 3 candles.  
How many lighted candles are left on the cake?

$$10 - \underline{\quad\quad\quad} = \underline{\quad\quad\quad}$$

           lighted candles are left on the cake.

There are 8 butterflies.  
2 butterflies fly away.  
How many butterflies are left?

\_\_\_\_\_ - \_\_\_\_\_ = \_\_\_\_\_

\_\_\_\_\_ butterflies are left.

There are 9 erasers in all.

5 erasers are round.

How many erasers are **not** round?

\_\_\_\_\_ - \_\_\_\_\_ = \_\_\_\_\_

\_\_\_\_\_ erasers are **not** round.

Ms. Hall buys 7 mangoes.  
4 mangoes are small.  
How many mangoes are big?

\_\_\_\_\_ - \_\_\_\_\_ = \_\_\_\_\_

\_\_\_\_\_ mangoes are big.

•

•  $8 - 0 = 8$

•

•  $9 - 3 = 6$

•

•  $10 - 2 = 8$

# Activity 3 Numbers 51 to 100

Count on by groups of 10.

Next, count on.

Then, color the box with the correct number.

# Activity 3 Positions

Color.

a the  beside the 

b the  behind the 

c the  in front of the 

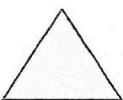

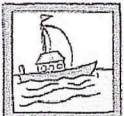

Draw a  **beside** the .

What is its shape?

cylinder

cone

Draw a  **above** the .

What is its shape?

circle

triangle

Color the  to show the lengths.

Count the  or .

Fill in each blank.

The umbrella is about \_\_\_\_\_  long.

The key is about \_\_\_\_\_  long.

Draw a line that is shorter than the .

---

Draw a line that is as long as the .

## Enrichment

# Flat and Solid Shapes

### Activity 5 Compare Flat and Solid Shapes

Answer the question.

Look at the picture.  
Read what Luna says.

Luna

Do you agree?  
Why? Why not?

**Draw.**

**Compare.**

**Answer each question.**

- a Draw 2 shapes with corners.

Count the sides for each shape.

Color the box to show how many.

Shape 1

0	1	2	3	4	5
---	---	---	---	---	---

Shape 2

0	1	2	3	4	5
---	---	---	---	---	---

- b Compare your shapes with your partner.  
Are they the same?

\_\_\_\_\_

- c Guess the number of sides a shape with  
6 corners has.

\_\_\_\_\_

- d Draw a shape with 6 corners.

The shape has \_\_\_\_\_ sides.

Is your guess in c correct? \_\_\_\_\_

## Answer each question.

Look at the picture.  
Read what Kayla says.

My shape has  
2 flat sides!

Kayla

- a Do you agree?  
Why? Why not?
- b Read the words below.  
Circle the shape Kayla is holding.

cylinder      circle      cone      sphere

- c Read the words below.  
Circle the shape that has 2 flat sides.

cylinder      circle      cone      sphere

# Enrichment Addition

## Activity 5 Addition Sentences

**Solve.**

**Write an addition sentence.**

Aria has 3 .

Lola has the same number of  as Aria.

a Use  to show Lola's .

Aria

Lola

b How many  do the girls have in all?

\_\_\_\_\_  \_\_\_\_\_  \_\_\_\_\_

The girls have \_\_\_\_\_  in all.

2

Ms. Gomez buys 4 .

Mr. Morgan buys 1 more  than Ms. Gomez.

How many  do both of them buy in all?

Ms. Gomez

Mr. Morgan

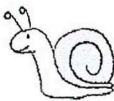

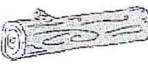

Use  $\triangle$  to show Mr. Morgan's .

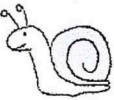

\_\_\_\_\_  \_\_\_\_\_  \_\_\_\_\_

Both of them buy \_\_\_\_\_  in all.

a There are 6  on the .

There are 3  on the grass.

How many  are there in all?

\_\_\_\_\_  \_\_\_\_\_  \_\_\_\_\_

There are \_\_\_\_\_  in all.

- b William moves 1  from the  to the grass.

Cut out the  and glue them in the picture below.

- c Write an addition sentence to show b.

\_\_\_\_\_ ○ \_\_\_\_\_ ○ \_\_\_\_\_

Chapter

8

# Enrichment Subtraction

## Activity 5 Subtraction Sentences

Solve.

Ian has 9 pens.

He gives some pens to his friends.

He has 2 pens left.

How many pens does Ian give away?

Draw the  
pens Ian  
gives away.

Ian gives \_\_\_\_\_ pens away.

Mr. Sanders bakes 10 pies.  
He gives 2 pies to his friend.  
He gives 4 pies to his sister.

- a How many pies does Mr. Sanders give to his friend and sister?

\_\_\_\_\_ ○ \_\_\_\_\_ ○ \_\_\_\_\_

Mr. Sanders gives \_\_\_\_\_ pies to his friend and sister.

- b How many pies does Mr. Sanders have left?

\_\_\_\_\_ ○ \_\_\_\_\_ ○ \_\_\_\_\_

Mr. Sanders has \_\_\_\_\_ pies left.

Three children are playing a game.  
They are given a cup and 10 cubes each.  
Each child hides some of their cubes.

Nathan

Allison

Brody

Complete each subtraction sentence.  
Fill in each blank.

- a How many cubes does Nathan hide?

\_\_\_\_\_ ○ \_\_\_\_\_ ○ \_\_\_\_\_

Nathan hides \_\_\_\_\_ cubes.

b How many cubes does Allison hide?

Allison hides \_\_\_\_\_ cubes.

c How many cubes does Brody hide?

Brody hides \_\_\_\_\_ cubes.

# Enrichment Numbers to 100

## Activity 4 Number Patterns

Answer each question.

Look at the number pattern.  
Color each correct box.

a What is the first number?

☐ 96

☐ 94

b What is the last number?

☐ 89

☐ 91

c 1 less than 91 is

☐ 93

☐ 90

d 1 more than 90 is

☐ 91

☐ 89

Look at the picture.  
Answer each question.

Read what Alex and Faith say.

I count on by 1s  
from 87.  
I make 4 counts.

Alex

I count on by 10s  
from 40.  
I make 5 counts.

Faith

a Circle the number Alex counts to.

89

90

91

b Circle the number Faith counts to.

80

90

100

c Count back from 100.  
How do you reach Faith's number?  
Tell your partner.

Look at the number patterns.  
Find the mistakes.

There is a mistake in each pattern.  
Make an  $\times$  on them.

a Count on by 1s.

b Count on by 10s.

c Count back by 1s.

### Tens Friends Memory

Take out face cards

Place 4 rows of 5 cards face down.

Taking turns, turn over 2 cards. If they add up to 10, take them and replace them with 2 cards from the deck. If they don't add up to 10, put them back where they were.

Keep playing until there are no more cards.

### Tens Friends Go Fish

Take out face cards .

Each player gets 4 cards. The rest of the cards go in the middle "the pond".

First player asks a friend, "Do you have a \_\_\_\_\_?" They are asking for a number that would add up to ten. For example, If I have a 3, I would ask "Do you have a 7?" Because  $3+7=10$ .

If their friend has the number they ask for, it is given to the player who asked for it and the pair is placed face up in front of them.

If their friend doesn't have the card, they say, "I don't have a \_\_\_\_\_. Go fish" They then take a card from the pile in the middle.

The game ends when all the cards are gone.
